Skills Matrix

110

Professional Summary

I enjoy being challenged and engaging with projects that require me to work outside my comfort and knowledge set, as continuing to learn new languages and development techniques are important to me and the success of your organization. Here mannympwanga (Emmanuel Mpwanga) (github.com) are programs in which I have worked on throughout my time at Hyperiondev and after I finished. The most challenging programs I faced was making Poised and Task Manger. I am a fast learner I was able to learner all the skills I have listed and create all those programs within 3 months which was the duration of my bootcamp at HyperionDev , I scored a 97% Overall . I am an aspiring Software Engineer who would love to grow and become one of the best.

Work Experience

Freelance Code Reviewer

HyperionDev • September 2021 - Current

I was task with reviewing student codes and have 1 on 1 calls with students where I help them understand the concepts and assist them with their task. I dealt with level 1, level 2 and level 3 student. I would cover over a 500 reviews a month.

Skills and Abilities

Backend programming (python and Java)
Frontend programming (Html, CSS, React, Django, Angular)
Agile
Code Reviewing

Reference: Emmanuel Recommendation

Emmanuel is an intelligent and hardworking student. He has consistently displayed his ability to take responsibility and follow out instructions given. In the last 3 years that I have known and taught him, he has been pleasant and positive in his demeanor, and believe he will be of great value to any employer.

Kind Regards
